Patient's Responsibilities

Welcome to In Motion Physical Therapy! Thank you for choosing this facility for your rehabilitation.

We look forward to serving you with the highest quality of care available. The following information is to help ensure you, and other patients, have an enjoyable therapy experience.

- If you need to **cancel or reschedule an appointment, please call us at least 24 hours in advance** so that we may open that appointment up to other patients.
- It is important for you to be on time for your appointments. **If you are late, your therapy session may be cut short, or we may have to reschedule your appointment.**
- **If you miss three or more appointments,** you may be **discharged from therapy** services and your physician will be notified.
- **Worker's Compensation patients—**all cancellations and no-shows will be documented and your adjuster/case manager and employer will be notified.
- Your therapist will give you some instructions/exercises for home. **It is important that you follow these instructions to achieve the maximum benefit from therapy.** Your family should be involved in your care if you require assistance at home.
- Periodically and upon completion of your therapy, we will send progress notes to your physician with recommendations. Together, your therapist, your physician and you will decide when you have reached the maximum benefit from your rehabilitation. **Remember: Simply because your physician writes you a prescription for therapy does not guarantee payment from your insurance company.** We must show objective and functional improvement in an appropriate time frame; otherwise, we are mandated to discharge you from therapy.
- Therapy is performed in an open gym setting. Your therapist may use a curtained treatment area or a private treatment room if increased privacy is necessary.
- Please notify your therapist, the front office or another staff member if you are dissatisfied with your level of care so that we may remedy the situation.
- Out of respect for your privacy and that of other patients, please refrain from using your cell phone during your visit.

Thank you for giving us the opportunity to serve your rehab needs. We look forward to helping you achieve your goals and providing you excellent care.
